Lead Product Designer & DesignOps · Travel & Hospitality

Aug 2020 – Apr 2023 (2 yr 9 mos)

Trip Ventures is a holding group of tech companies in the travel and hospitality industry. My responsibility was to lead the UX team through complex problem solving within four unique products: Andiago, InvisiPay, HYP3R and WeCare. I was also in charge of operationalize design, which included the crafting of a core design system, propose toolsets and processes, keep tracking of every project, ensure a good communication across the different teams and more.

Despegar | Córdoba, Arg

UX/UI Designer · Travel & Hospitality

Mar 2019 – Jun 2020 (1 yr 4 mos)

My responsibility was to improve the company suppliers management software for hotels and destination services, working side by side with product analysts, UX researchers, writers, designers and developers, being Design thinking the core methodology. My deliverables went from detailed research documentation to complex product prototypes. I also participated in side teams, developing Despegar's new brand and maintaining its design system.
