Featured experience

Trip Ventures | UX Engineer

Various industries • Aug 2020 – Mar 2026 (5 yr 8 mo)

Trip Ventures is a holding group that invests in green energy, AI, hospitality, and aerospace industries. I helped build a wide range of products, including Andiago, InvisiPay, WeCare, HYP3R, and Nicer. Over the years, I've taken on various roles, such as lead product designer and team leader. In the last couple of years, I worked as a UX engineer, with responsibilities ranging from defining product needs and designing the entire experience to developing the final solution. As the lead frontend developer, I worked with both web and native mobile technologies.

Coderhouse | UX Lead

Education • Apr 2023 – Dec 2023 (9 mo)

At Coderhouse, I led the UX team, rebuilt the design system, and redesigned the educational platform and marketplace, optimizing for sales conversion and improving the user experience for students and teachers.

Despegar | UX/UI Designer

Travel • Mar 2019 – Jun 2020 (1 yr 4 mo)

My responsibility was to improve the company's supplier platform, working alongside product analysts, UX researchers, writers, designers, and developers, being Design Thinking the core methodology. My deliverables ranged from detailed research documentation to complex product prototypes. I also contributed to the development of Despegar's new brand and the maintenance of its design system.
